A difference of opinion exists between Antonio F. CAFIERO, Minister of Foreign Commerce, and Miguel REVESTIDO, Minister of Finance, concerning the relations between Argentina and the United States. CAFIERO is very optimistic of future trade between the two countries, believing that such trade should be carried on to the maximum. REVESTIDO is less enthusiastic and more skeptical, stating that he believes in the importance of trading with all nations and not giving undue importance to trade with the United States.
